The Brookfield Reform Club held their regular meeting last Thursday evening, and was very well attended considering the traveling. The exercises consisted of speaking and select readings, also a farce, entitled, "My Turn Next." The different parts were taken by Lester Churchill, George Ferguson, Charles Wilby, Charles McIntire, Miss Hattie Ferguson, Miss Carrie Sanborn and Miss Gertrude Hanson, and although we do not claim to have much dramatic talent in Brookfield, yet we do say that this piece was handled in very good shape, all acting their parts in an excellent manner. Mr. Charles Colman and daughter, Miss Mary Colman, sung an excellent piece which was very well received.

Mr. Richard R. Hanson, who has been at home some three weeks returned to his place of business at Hooksett, N. H., last Saturday.

We do not seem to get much sleighing yet in our town, but we do get some very rough roads. There was one or two sleighs out this last flirt of snow, but it must have been rather hard riding.
