

Brookfield's 54rd Earth Week

April 20 - 27, 2024 Clean-up Guide

Brookfield Conservation Commission is organizing a seven-day town clean-up!

Come visit the Conservation Commission booth in front of the Town Offices on April 20 from 9 am – Noon to find info about invasive plants, various Town maps on display, to pick up new trash bags or drop off full ones, or just to say hi!

Each person picks the road and day of their choice beginning Saturday, April 20 through Saturday, April 27. Please encourage your neighbors and friends to join in the clean-up! Sign up in advance (*before Friday, April 19*) so the roads chosen will not be duplicated. Sign up by emailing, calling or texting **Faith Buell at: fabuel21@gmail.com 603-986-2917.**

General Guidelines for Town Clean Up:

- Please wear orange or bright colors and stay aware of traffic.
- Bring your own bags and plan to leave your full bags behind the Brookfield Town House where there will be a sign. Using **two** bags, one for trash and one for recyclables, is encouraged and will help the sorting process at the dump to be much more efficient.
- Larger objects found on the roadsides, such as tires, can also be placed behind the Town House. If you need help with the larger items, please let Faith Buell know at the above number.
- When you are done, please text Faith a photo of yourself and your team (including first & last names) with your full trash bags to be used on the Brookfield Conservation Commission website!
- **Thank you for helping to keep our town beautiful!**

Suggested areas for the town clean-up (not all roads listed):

- 1) Wentworth Road from Route 16 to Governors Road
- 2) Wentworth Road from Governors Road to Cate's Lane
- 3) Wentworth Road from Cate's Lane to the north end of Lyford Road
